Forecast For London & Southeast England
Issued by Met Office Exeter
at 0400 on Monday 29 Nov 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cold to start, but bright through the day.

Today:
Bright and locally icy to start, dry but the odd patch of mist or freezing fog possible in the west. These clearing into the afternoon with cloud increasing by the evening, accompanied by freshening winds and a slightly milder feel. Maximum temperature 4 deg C (39 deg F).

Tonight:
Increasingly overcast through the evening and overnight, with occasional outbreaks of rain and drizzle. Temperatures dipping initially but recovering to give a milder night and staying generally frost free. Minimum temperature 1 deg C (34 deg F).

Tuesday:
Cloudy, mild and breezy on Tuesday with patchy rain throughout, turning heavier into the evening. Maximum temperature 11 deg C (52 deg F).

Outlook for Wednesday to Friday:
Colder Wednesday, bright and breezy after early rain clears. Remaining cool into Thursday with fresh winds and some showers possible in the east. Rain early Friday but turning brighter.
